M. Employee Outside Activities. Potential conflicts with an individual's responsibility to protect SCI material may arise from outside employment or other outside activity from contact or association with foreign nationals. In cases where such employment or association has resulted in a suspected or established compromise of SCI, the local SCI security official and supporting Counter-Intelligence activity must be advised immediately. Involvement in non-U.S. government employment or activities that rise potential conflicts with an individual's responsibility to protect classified information is of security concern and must be evaluated by an ASI security official to determine whether the conflict is of such a nature that SCI access should be denied or revoked. Individuals who hold or are being considered for SCI access approval must report in writing to the local SCI security official any existing or contemplated outside employment or activity that appears to meet the criteria listed below. In addition, initial or updated personal history statements must include details of outside employment or activities.

1. Employments that must be reported includes compensated or volunteer service with any foreign national; with a representative of any foreign interest; or with any foreign, domestic or international organization or person engaged in analysis, discussion, or publication of material on intelligence, defense, or foreign affairs.
2. Continuing association with foreign nationals must be reported.
3. When an individual's outside employment or activity raises doubt as to an individual's willingness or ability to safeguard classified information, he or she will be advised that continuing that employment or activity may result in withdrawal of SCI access and be given an opportunity to discontinue. If the individual terminates the outside employment or activity of security concern, his or her SCI access approval may be continued provided this is otherwise consistent with national security requirements.
4. DoD SCI-indoctrinated individuals will have paragraph M made available to them for reading during SCI Indoctrination. Annual security education will advise individuals to report in writing to their local SCI security officer any existing or contemplated outside employment or activity that appears to meet the above criteria. Written reports must be submitted before accepting outside employment or activity.

PRE NONDISCLOSURE EXECUTION BRIEFING

Sensitive Compartmented Information [SCI] is data about sophisticated technical systems for collecting intelligence and information collected by those systems. SCI systems require a large number of people to research, develop, build, and operate the collection systems. The products of these systems are analyzed and produce accurate, detailed intelligence by senior planners and policy makers.

Communications Intelligence [COMINT], as defined by 18 U.S.C. 798, is the classic example of SCI, and normally is derived from intercepted communications. The unauthorized disclosure of COMINT can reveal to the target countries which of its messages are being intercepted and which ones are being read. If the targeted country implements countermeasures, no further intelligence can be expected from that source and by that method. More devastating than countermeasures are deception operations which provide misleading or false data that can result in us U.S. foreign and defense policies based on misleading data. The cost to replace such systems is enormous.

SCI systems encompass activities and information of extraordinary sensitivity and fragility requiring extensive security. Security for SCI is based on restricting access to person who has a clearly established official need for that information, and who meet rigorous and stringent personnel security criteria. Persons cleared for confidential, secret, or even top secret information are not eligible by virtue of those clearances for access to SCI. Furthermore, a person does not have access to SCI because of rank or position.

The security of SCI depends on distinctive security markings, restricted handling and dissemination controls, segregating information and programs to further restrict access, and maintaining SCI material found in "Control Facilities" which have a stringent physical and procedural barrier and secure means of transmitting SCI.

Persons indoctrinated for SCI accept certain responsibilities and restrictions in a most explicit way. As a condition of access, an individual signs a nondisclosure agreement which is contractual agreement between the government and the individual. This agreement should be read carefully before signing because it states obligations imposed on the individual and the government. Also, because of an individual's knowledge and access to SCI an individual may be denied travel to activities which are deemed Hazardous. Willful disclosure of SCI to unauthorized individuals, compromise or security violations constitute criminal or administrative offenses that may result in prosecution or administrative action. Once indoctrinated it is individual's responsibility to become knowledgeable of the security procedures and practices for SCI.

PRINCIPAL PURPOSE(S): The information contained herein will be used to precisely identify individuals when it is necessary to certify their access to sensitive compartmented information.

ROUTINE USE(S): Blanket routine uses, as published by Defense Intelligence Agency in the Federal Register.

DISCLOSURE: Voluntary; however, failure to provide requested information may result in delaying the processing of your certification.

SECTION A

An Agreement Between MANNING, BRADLEY EDWARD and the United States.
(Printed or Typed Name)

1. Intending to be legally bound, I hereby accept the obligations contained in this Agreement in consideration of my being granted access to information or material protected within Special Access Programs, hereinafter referred to in this Agreement as Sensitive Compartmented Information (SCI). I have been advised that SCI involves or derives from intelligence sources or methods and is classified or in the process of a classification determination under the standards of Executive Order 12356 or other Executive order or statute. I understand and accept that by being granted access to SCI, special confidence and trust shall be placed in me by the United States Government.

BEM

2. I hereby acknowledge that I have received a security indoctrination concerning the nature and protection of SCI, including the procedures to be followed in ascertaining whether other persons to whom I contemplate disclosing this information have been approved for access to it, and I understand these procedures. I understand that I may be required to sign subsequent agreements upon being granted access to different categories of SCI. I further understand that all my obligations under this Agreement continue to exist whether or not I am required to sign such subsequent agreements.

BEM

3. I have been advised that unauthorized disclosure, unauthorized retention, or negligent handling of SCI by me could cause irreparable injury to the United States or be used to advantage by a foreign nation. I hereby agree that I will never divulge anything marked as SCI or that I know to be SCI to anyone who is not authorized to receive it without prior written authorization from the United States Government department or agency (hereinafter Department or Agency) that last authorized my access to SCI. I understand that it is my responsibility to consult with appropriate management authorities in the Department or Agency that last authorized my access to SCI, whether or not I am still employed by or associated with that Department or Agency or a contractor thereof, in order to ensure that I know whether information or material within my knowledge or control that I have reason to believe might be SCI, or related to or derived from SCI, is considered by such Department or Agency to be SCI. I further understand that I am also obligated by law and regulation not to disclose any classified information or material in an unauthorized fashion.

BEM

4. In consideration of being granted access to SCI and of being assigned or retained in a position of special confidence and trust requiring access to SCI, I hereby agree to submit for security review by the Department or Agency that last authorized my access to such information or material, any writing or other preparation in any form, including a work of fiction, that contains or purports to contain any SCI or description of activities that produce or relate to SCI or that I

BEM

4. (Continued) have reason to believe are derived from SCI, that I contemplate disclosing to any person not authorized to have access to SCI or that I have prepared for public disclosure. I understand and agree that my obligation to submit such preparations for review applies during the course of my access to SCI and thereafter, and I agree to make any required submissions prior to discussing the preparation with, or showing it to, anyone who is not authorized to have access to SCI. I further agree that I will not disclose the contents of such preparation to any person not authorized to have access to SCI until I have received written authorization from the Department or Agency that last authorized my access to SCI that such disclosure is permitted.

BEM

5. I understand that the purpose of the review described in paragraph 4 is to give the United States a reasonable opportunity to determine whether the preparation submitted pursuant to paragraph 4 set forth any SCI. I further understand that the Department or Agency to which I have made a submission will act upon them, coordinating within the Intelligence Community when appropriate, and make a response to me within a reasonable time, not to exceed 30 working days from date of receipt.

BEM

6. I have been advised that any breach of this Agreement may result in the termination of my access to SCI and removal from a position of special confidence and trust requiring such access, as well as the termination of my employment or other relationships with any Department or Agency that provides me with access to SCI. In addition, I have been advised that any unauthorized disclosure of SCI by me may constitute violations of United States criminal laws, including the provisions of Sections 793, 794, 798, and 952, Title 18, United States Code, and of Section 783(b), Title 50, United States Code. Nothing in this Agreement constitutes a waiver by the United States of the right to prosecute me for any statutory violation.

BEM

7. I understand that the United States Government may seek any remedy available to it to enforce this Agreement, including, but not limited to, application for a court order prohibiting disclosure of information in breach of this Agreement. I have been advised that the action can be brought against me in any of the several appropriate United States District Courts where the United States Government may elect to file the action. Court costs and reasonable attorneys' fees incurred by the United States Government may be assessed against me if I lose such action.

BEM

8. I understand that all information to which I may obtain access by signing this Agreement is now and will remain the property of the United States Government unless and until otherwise determined by an appropriate official or final ruling of a

8. (Continued) court of law. Subject to such determination, I do not now, nor will I ever, possess any right, interest, title or claim whatsoever to such information. I agree that I shall return all materials that may have come into my possession or for which I am responsible because of such access, upon demand by an authorized representative of the United States Government or upon the conclusion of my employment or other relationship with the United States Government entity providing me access to such materials. If I do not return such materials upon request, I understand this may be a violation of Section 793, Title 18, United States Code. **BEM**

9. Unless and until I am released in writing by an authorized representative of the Department or Agency that last provided me with access to SCI, I understand that all the conditions and obligations imposed upon me by this Agreement apply during the time I am granted access to SCI, and at all times thereafter. **BEM**

10. Each provision of this Agreement is severable. If a court should find any provision of this Agreement to be unenforceable, all other provisions of this Agreement shall remain in full force and effect. This Agreement concerns SCI and does not set forth such other conditions and obligations not related to SCI as may now or hereafter pertain to my employment by or assignment or relationship with the Department or Agency. **BEM**

13. I hereby assign to the United States Government all rights, title and interest, and all royalties, remunerations, and emoluments that have resulted, will result, or may result from any disclosure, publication, or revelation not consistent with the terms of this Agreement. **BEM**

SENSITIVE COMPARTMENTED INFORMATION NO. 1028-10 UNCLASSIFIED AGREEMENT

An Agreement Between

BRADLEY EDWARD MANNING

and the United States.

(Name - Printed or Typed)

1. Intending to be legally bound, I hereby accept the obligations contained in this Agreement in consideration of my being granted access to information or material protected within Special Access Programs, hereinafter referred to in the Agreement as Sensitive Compartmented Information (SCI). I have been advised that SCI involves or derives from intelligence sources or methods and is classified or is in process of a classification determination under the standards of Executive Order 12958 or other Executive Order or statute. I understand and accept that by being granted access to SCI, special confidence and trust shall be placed in me by the United States Government.
2. I hereby acknowledge that I have received a security indoctrination concerning the nature and protection of SCI, including the procedures followed in ascertaining whether other persons to whom I contemplate disclosing this information or material have been approved access to it, and I understand these procedures. I understand that I may be required to sign subsequent agreements upon being granted access to different categories of SCI. I further understand that all my obligations under this agreement continue to exist whether or not I am required to sign such subsequent agreements.
3. I have been advised that the unauthorized disclosure, unauthorized retention, or negligent handling of SCI by me could cause irreparable injury to the United States or be used to advantage by a foreign nation. I hereby agree that I will never divulge anything marked as SCI or that I know to be SCI to anyone who is not authorized to receive it without prior written authorization from the United States Government department or agency (hereinafter Department or Agency) that authorized my access to SCI. I understand that it is my responsibility to consult with appropriate management authorities in the Department or Agency that last authorized my access to SCI, whether or not I am still employed by or associated with that Department or Agency or contractor thereof, in order to ensure that I know whether information or material within my knowledge or control that I have reason to believe might be SCI. I further understand that I am obligated by law and regulation not to disclose any classified information or material in an unauthorized fashion.
4. In consideration of being granted access to SCI and of being assigned or retained in a position of special confidence and trust requiring access to SCI, I hereby agree to be submitted for security review by the Department or Agency that last authorized my access to such information or material, a writing or other preparation in any form, including a work of fiction, that contains or purports to contain any SCI or description of activities that produce or relate to SCI or that I have reason to believe are derived from SCI, that I contemplate disclosing to any person not authorized to have access to SCI or that I have prepared for public disclosure. I understand and agree that my obligation to submit such preparations for review applies during the course of my access to SCI and thereafter, and I agree to make any required submissions prior to discussing the preparation with, or showing it to, anyone who is not authorized to have access to SCI. I further agree that I will not disclose the contents of such preparation with, or showing it to, anyone who is not authorized to have access to SCI until I have received written authorization from the Department or Agency that last authorized my access to SCI that such disclosure is permitted.
5. I understand that the purpose of the review described in paragraph 4 is to give the United States a reasonable opportunity to determine whether the preparation submitted pursuant to paragraph 4 sets forth any SCI. I further understand that the Department or Agency to which I have made a submission will act upon it, coordinating within the Intelligence Community when appropriate, and make a response to me within a reasonable time, not to exceed 3 working days from date of receipt.
6. I have been advised that any breach of this Agreement may result in my termination of my access to SCI and removal from a position of special confidence and trust requiring such access, as well as the termination of my employment or other relationships with any Department or Agency that provide me with access to SCI. In addition, I have been advised that any unauthorized disclosure of SCI by me may constitute violations of United States criminal laws, including provisions of Sections 793, 794, 798, and 952, Title 18, United States Code, and of Section 783(b), Title 50, United States Code. Nothing in this Agreement constitutes a waiver by the United States of the right to prosecute me for any statutory violation.
7. I understand that the United States Government may seek any remedy available to it to enforce this Agreement including, but not limited to, application for a court order prohibiting disclosure of information in breach of this Agreement. I have been advised that the action can be brought against me in any of the several appropriate United States District Courts where the United States Government may elect to file the action. Court costs and reasonable attorneys fees incurred by the United States Government may be assessed against me if I lose such action.
8. I understand that all information to which I may obtain access by signing this Agreement is now and will remain the property of the United States Government unless and until otherwise determined by an appropriate official or final ruling of a court of law. Subject to such determination, I do not now, nor will I ever, possess any right, interest, title, or claim whatsoever to such information. I agree that I shall return all materials that may have come into my possession or for which I am responsible because of such access, upon demand by an authorized representative of the United States Government or upon the conclusion of my employment or other relationship with the United States Government entity providing me access to such materials. If I do not return such materials upon request, I understand that this may be a violation of Section 793, Title 18, United States Code.
9. Unless and until I am released in writing by an authorized representative of the Department or Agency that last provided me access to SCI, I understand that all conditions and obligations imposed on me by this Agreement apply during the time I am granted access to SCI, and at all times thereafter.
10. Each provision of this Agreement is severable. If a court should find any provision of this Agreement to be unenforceable, all other provisions of this Agreement shall remain in full force and effect. This Agreement concerns SCI and does not set forth such other conditions and obligations not related to SCI as may now or hereafter pertain to my employment by or assignment or relationship with the Department or Agency.
